Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(*1*) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*a*) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and

(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including 1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadan	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(*d*) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(*e*) Any candidate who has—

(*i*) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(*ii*) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(*iii*) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

(*a*) A student who without leave absents himself from the College or his hostel for more than one month, shall be removed from the rolls of the College, if the College Council so recommend. No refund of fees paid can be claimed in such cases.

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. The levy, accounting and disposal of caution money will be governed by the rules prescribed under Government order No. 1689Medl., dated the 24th May 1932.

9. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

10. Failed students must apply for admission and pay the fees within the date prescribed by the Principal, otherwise their claim will lapse.

11. All civil students admitted after 1925-26 will pay Rs. 200 in two instalments, viz., Rs. 100 for the summer term and Rs. 100 for the winter term. They must also pay the annual Athletic Club fee of Rs. 4 (with the exception of female students) and any caution money due for attendance at practical classes along with the fees for their summer term. Fees once paid cannot be refunded except those whose claim for the refund is tenable under rule 17.

12. The fees for each term are to be paid in one instalment. The fees for the summer term are due (except from new students) on the 15th June and those for the winter term on the 1st November and must be paid together with athletic club fees, on those dates or on such later dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fees on each defaulter. The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

(*a*) A student detailed to hospital duty who overstays the authorised vacation leave without the permission of the Principal will be liable to pay a fine of Rs. 2 only for each day of overstay.

A student kept back in, or referred back to the class in which he was previously studying on account of his failure to appear at or pass any examination prescribed for promotion to the next higher class, will pay Rs. 50 each term until he passes the examination in question, after which he will pay fees on the full scale laid down in rule 11.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 4th March, 1937 :—

L. A. BILL No. 15 OF 1937.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing ; It is hereby enacted as follows :— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Third Amendment) Act, 1937.

Amendment of rule 3, Order XXXII, First Schedule to Act V of 1908.

2. In the First Schedule to the Code of Civil Procedure, 1908, in Order XXXII, to rule 3 the following sub-rule shall be added, namely :— V of 1908.

"(5) A person appointed under sub-rule (*1*) to be guardian for the suit for a minor shall, unless his appointment is terminated by retirement, removal or death, continue as such throughout all proceedings arising out of the suit including proceedings in any appellate or revisional Court and any proceedings in the execution of a decree."

STATEMENT OF OBJECTS AND REASONS.

Rule 3 of Order XXXII of the First Schedule to the Code of Civil Procedure, 1908, lays down that where the defendant is a minor, the Court shall appoint a proper person to be guardian for the suit for such minor. It has been held by the High Courts that an appointment made during the course of original suit endures during proceedings on appeal. There is no provision in the Code requiring fresh appointment of guardians for the execution proceedings following suits. It might therefore be thought that a guardian *ad litem* appointed during a suit continues as such till the termination of the execution proceedings. But some High Courts follow a different interpretation and one of them has held that the guardian *ad litem* appointed by a Court for a minor defendant does not continue to be the guardian for the suit in the execution proceedings without a fresh appointment. The Bill proposes to make it clear that the appointment endures throughout all proceedings arising out of the suit, including those in any appellate or revisional Court and those in the execution of a decree.

The following Bill was introduced in the Legislative Assembly on the 12th March, 1937 :—

L. A. BILL NO. 17 OF 1937.

A Bill to reconstitute the Committee constituted under the Indian Soft Coke Cess Act, 1929.

WHEREAS it is expedient to reconstitute the Committee constituted under the Indian Soft Coke Cess Act, 1929 ; It is hereby enacted as follows :— VIII of 1929.

Short title, commencement and duration.

1. (*1*) This Act may be called the Indian Soft Coke Cess (Reconstitution of Committee) Act, 1937.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf, and shall remain in force as long only as sections 2 to 7 of the Indian Soft Coke Cess Act, 1929, remain in force. VIII of 1929.

Reconstitution of the Indian Soft Coke Cess Committee.

2. On the commencement of this Act, the Committee constituted under sub-section (*1*) of section 4 of the Indian Soft Coke Cess Act, 1929, shall stand dissolved, and shall be reconstituted in the manner provided in section 4 of the said Act as amended by section 4 of this Act. VIII of 1929.

Vesting of moneys in the reconstituted Committee.

3. All the moneys held by the dissolved Committee shall vest in the Committee as reconstituted under section 2.

Amendment of Act VIII of 1929.

4. In the Indian Soft Coke Cess Act, 1929,— VIII of 1929.

(*a*) in the long title and in the preamble, the word "and" where it occurs for the first time, shall be omitted ;

(*b*) in sub-section (*1*) of section 3, the word "and", where it occurs for the second time, shall be omitted ; and

(*c*) in sub-section (*1*) of section 4,—

(*i*) in clause (*iii*), the words "and Orissa" shall be omitted ;

(*ii*) in clause (*iv*), for the word "seven" the word "three" shall be substituted, and the word "and" shall be omitted ;

(*iii*) for clause (*v*) the following clause shall be substituted, namely :—

"(*v*) two persons nominated by the Indian Mining Association ; and " ; and

(*iv*) after clause (*v*) the following clause shall be inserted, namely :—

"(*vi*) three persons nominated by the Indian Colliery Owners' Association."

STATEMENT OF OBJECTS AND REASONS.

The present representation of non-official bodies on the Soft Coke Cess Committee, constituted under section 4 (*1*) of the Indian Soft Coke Cess Act, 1929, consists of seven persons nominated by the Indian Mining Federation and one person nominated by the Indian Mining Association. This allocation of seats was originally adopted because practically all the proprietors of collieries which produce soft coke were then members of the Indian Mining Federation. The position has, however, since been altered owing to the interest which other bodies engaged in this industry have acquired in the manufacture of soft coke, and the Indian Colliery Owners' Association have for this reason been pressing for some time for separate representation on the Committee on the basis of the output of soft coke by their members. An examination on this basis of the relative importance of the various interested bodies shows that the claim of this Association is justified and that a readjustment of the representation of non-official bodies on the Committee is necessary in the manner proposed in the Bill.

It is further proposed to amend the Act so as to provide that the nomination hitherto made by the Government of Bihar and Orissa will in future be made by the Government of Bihar in whose territory the coalfields are mainly situated. The Bill is also intended to give effect to this proposal, and to certain formal changes in the long title and preamble and in section 3 (*1*) of the Act rendered necessary by the constitution of Orissa as a separate Province.

Third Forecast of the Wheat Crop of Bengal, 1936-37.

(*Note.*—On an average of the five years ending 1934-35, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1934-35, averaged (*a*) 41·3 and (*b*) 9·7 per cent., respectively.)

Character of the season.—Since the submission of the second forecast in February last, conditions were generally favourable except in the important districts of Nadia, Murshidabad and Malda where heavy rain affected the crop. Injury by insects is also reported from Malda. On the whole, the season may be regarded as a satisfactory one for the crop this year.

Acreage.—According to the estimates of the district officers the total area sown amounts to 149,500 acres this year as against 127,100 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from district estimates is 83 per cent. as against 70 per cent. both in the corresponding and final forecasts of last year.

Taking the normal yield to be 10 maunds per acre, the gross yield of the crop for the province is estimated at 45,600 tons this year as against 32,700 tons both in the corresponding and final forecasts of last year.

Resolution on the Report on the Administration of the Excise Department in the Presidency of Bengal for the year 1935-36.

GOVERNMENT OF BENGAL.

FOREST AND EXCISE DEPARTMENT.

Excise.

RESOLUTION—No. 8747Ex.

Calcutta, the 10th April 1937.

Read—

Report on the Administration of the Excise Department in the Presidency of Bengal for the year 1935-36.

Mr. D. MacPherson, I.C.S., remained in administrative charge of the department throughout the year except for the period from 1st April 1935 to 17th June 1935, when Mr. S. K. Haldar, I.C.S., was in charge. Babu A. K. Basu worked as the Collector of Excise, Calcutta, and was also in charge of the Excise Intelligence Bureau. Rai Bahadur T. Bhattacharjya, Deputy Commissioner, was in charge of the general inspection and prevention work and in addition held charge of the Matches, Sugar and Tobacco Branches.

For the past few years the excise policy of Government has been "maximum revenue with minimum consumption". The principal change that has been effected in the policy of the department since its reorganisation in 1916 has been the adoption of the Fixed Fee System of Licensing, with corresponding fixation of retail prices for excisable articles in 1917-18 in Calcutta, and from 1917-18 to 1921-22 in the mufassal. With a view to counteract the fall in revenue the auction system of licensing was reintroduced in 1933, but subsequently it was found that, though this system resulted at first in a marked improvement, the revenue was not steady. It was decided to revert to the Fixed Fee System as that system was considered to place the revenue on a more stable basis and to result in the better management of excise shops. Popular control over licensing and location of shops has been introduced. In the selection of licensees the policy of Government has been for the last few years to give preference to educated young men of the *bhadralok* class with a view to providing them with employment and placing the business in the hands of a better educated class. Facilities to enable them to take up the business were given by the reduction of the rate of advance fees from one and half months to fifteen days.

The following measures have been adopted with a view to give effect to the policy of restricted supply and control over consumption of excisable articles:—

(*i*) Levy of a sliding scale of rates of taxation on liquor and drugs with adequate and suitable regulations to control prices for the consumer.

(*ii*) Gradual reduction in the number of places of retail vend.

(*iii*) Effective control over the manufacture and wholesale vend.

(*iv*) Regulation and gradual restriction of hours of sale.

There are Licensing Boards in all the districts except Darjeeling, where there is an Excise Advisory Committee. They functioned satisfactorily during the year in controlling the number and location of shops and also in regulating the hours of sale in the mufassal shops.

Since 1931, following the general economic depression, illicit distillation of liquor as a means of livelihood has been largely adopted, specially in the Calcutta area. With a view to tackle this problem the Central Detection Department was created in 1933. The activities of the department were extended during the year under review. The results achieved so far by the department are satisfactory.

Revenue fell under almost all heads except *tari* and *bhang*. The total fall was Rs. 4,20,997 compared with the previous year. This is due partly to failure of crops in a part of the Presidency and partly to the prevalence of illicit distillation which is believed to be the principal cause.

The Tree Tax System of taxation on *tari*—a system by which a tax is levied on each date cocoanut and palm trees tapped for the manufacture of *tari*—continued to be in force in the districts of Calcutta, 24-Parganas, Hooghly and Howrah.

The improvement in the imports of potable liquors continued during the year and, owing to cheapness of spirit manufactured and denatured locally, the import of Java spirit is gradually on the decline; Government also observe with satisfaction that the medicinal preparations manufactured in the bonded laboratories in this province, of which there are nine, have, to a considerable extent, replaced articles formerly imported from abroad.

Ganja is produced only in Naogaon in the district of Rajshahi. The area under cultivation was reduced from 870 to 716 bighas and consumption fell by 33 maunds 15 seers, which is attributed to general economic conditions on account of trade depression, failure of crops and the low prices of agricultural products. The co-operation between licensed cultivators and the excise patrol partly in preventing smuggling is worthy of note.

Charas is procured from Central Asia through the medium of licensed contractors in the Punjab. The consumption fell by about 3 maunds, which is attributed to illicit sale of contraband *charas*.

Opium is obtained from the Government Opium Factory at Gazipur in the United Provinces. A system of restricted supply of opium according to local requirements as fixed by the Collectors of districts is in force. The Opium Smoking Act and the rules made thereunder had the desired effect throughout the Presidency, and the number of opium smokers is reported to be gradually decreasing. The regulations prescribed by Government on the recommendations of the League of Nations, relating to import, export or transport of "Dangerous Drugs", which include opium and its derivatives, continued to be in force. In accordance with the restrictions imposed on the consumption of opium in the industrial areas near Calcutta as recommended by the Opium Enquiry Committee the limit of retail sale and private possession continued to be 12 grains in the district of Calcutta and the urban thanas of Hooghly, Howrah and the 24-Parganas lying along the river Hooghly, except under a permit on a medical certificate in which case the limit was fixed at 90 grains.

Out of 13,538 persons prosecuted for various excise offences 11,569 were convicted during the year. Figures for detection indicate that excise crime is most prevalent in the western districts of the province particularly Burdwan and Midnapore. The discovery of an illicit still at 52, Gariahat Road, Calcutta, and the subsequent discovery of the ramifications of the illicit trade connected with it has provided one of the most sensational cases yet brought to light in the history of the excise administration of the province. Government agree with the Commissioner of Excise that the importance of imposing deterrent sentences, particularly in the case of habitual offenders, in excise and opium cases needs to be brought to the notice of trying Magistrates. Government note that the Customs, Police and Railway officials rendered valuable assistance in the detection of excise crimes.

Temperance work was carried on in the districts of Rajshahi, Malda and Darjeeling. In the two former districts though there was no organised temperance campaign, the efforts of the "Bhagat" movement among the aboriginals in Rajshahi and the influence of the Special Officer among the Sonthals in Malda have resulted in some reduction in the drink habit among those people. The educated hillmen of Darjeeling are abstaining more and more from indulgence in liquor, but among the uneducated classes no appreciable change in the habit was noticed. Such results as have been obtained in this district are due to the work of Christian Missions and the Hillmen's Association.

The Government of Bengal have much pleasure in recording their appreciation of the manner in which the work of the department was conducted by Messrs. D. MacPherson and S. K. Haldar. Thanks are also due to the officers mentioned in paragraphs 96 to 98 of the report whose loyal co-operation contributed to the successful working of the department.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 15th March, 1937:—

L. A. BILL No. 18 OF 1937.

A Bill further to amend the Indian Oaths Act, 1873, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Oaths Act, 1873, for the purpose hereinafter appearing ; It is hereby enacted as follows :— X of 1873.

Short title.

1. This Act may be called the Indian Oaths (Amendment) Act, 1937.

Amendment of section 5. Act X of 1873.

2. In section 5 of the Indian Oaths Act, 1873, after the word "jurors" the following proviso shall be inserted, namely :— X of 1873.

"Provided that where the witness is a child under twelve years of age, and the Court or person having authority to examine such witness is of opinion that he does not understand the nature of an oath or affirmation, the foregoing provisions of this section and the provisions of section 6 shall not apply to such witness, but in any such case the absence of an oath or affirmation shall not render inadmissible any evidence given by such witness nor affect the obligation of the witness to state the truth."

STATEMENT OF OBJECTS AND REASONS.

Sections 5 and 6 of the Indian Oaths Act, 1873, make it obligatory upon all persons who may be lawfully examined or may give evidence to make an oath or affirmation, and section 118 of the Indian Evidence Act, 1872, makes only such persons competent to testify who are not prevented from understanding questions put to them and from giving rational answers to those questions by reason of tender years, etc. The combined effect of these provisions is that, unless in the opinion of the Court the tender years of a child appearing as a witness prevent him from understanding the questions put to him and from giving rational answers, he is a competent witness and must be sworn. The English Law—section 38 of the Children and Young Persons Act, 1933—provides for the contingency, not recognised by the Indian law, of a child being possessed of sufficient intelligence to justify the reception of his evidence, and understanding the duty of speaking the truth but not understanding the nature of an oath. The principle of the English law is considered more sound. The Bill proposes to bring the Indian law in its application to both civil and criminal proceedings into conformity with the English law by inserting a proviso to section 5 of the Indian Oaths Act.

STATEMENT OF OBJECTS AND REASONS.

Certain commercial documents of various kinds are by the practice of merchants accepted as evidence and taken as *prima facie* correct, but in a Court of law they cannot, in the absence of consent by the parties, be admitted in evidence without testimony as to their genuineness or the correctness of the statements made therein. Such documents are not admissible in evidence under section 32 or any other provision of the Indian Evidence Act, 1873, without further proof. The result is that a party desirous of delaying the proceedings can often insist on the other side getting Commissions issued to take evidence as to facts which are for all practical purposes sufficiently established by the documents in question. It is proposed to undertake legislation on the lines of the Bankers Books Evidence Act, 1891, so as to provide that commercial documents which are accepted as *prima facie* correct in commercial circles may be admitted in evidence without formal proof. A list of such documents has been prepared in consultation with Commercial Associations and Local Governments, and is included in the Schedule to the Bill, power being reserved to the Government of India to add to the list from time to time and to remove items from it.

(*9*) The approach road shall have a fall or inclination towards the street depending on the width of the footpath across which it runs, and shall have such gradient as the District Engineer may decide, having regard to the nature and condition of the site.

(*11*) An approach road, which, in the opinion of the District Engineer, is no longer necessary, shall be removed by the owner or occupier of the premises, whenever called upon to do so The decision of the District Engineer on the question of necessity shall be final.

(*12*) If it appears to the District Engineer that the footpath in front of any premises is used or is intended to be used as a roadway for riding or driving a horse or any carriage, cart or car or any other vehicles to the said premises and by any such act the kerb and channel stones are being damaged or are likely to be damaged either temporarily or permanently, he may, by written notice, require the owner or the occupier of such premises to have an approach road constructed in accordance with these bye-laws.

(*13*) If such notice be not complied with within a week, the District Engineer may cause such approach road to be constructed as may, in his opinion, be necessary, and the expenses thereof shall be paid by the person or by any of the persons on whom such notice was served. If the footpath or the kerb and channel stones, as the case may be, are already damaged, and no construction be found necessary, the District Engineer shall have power to demand such compensation as may be payable under the rates in force for restoring the footpath or the kerb and channel stones to its or their original condition.

(*14*) The District Engineer may cause such approach road to be constructed whether or not the person who has failed to comply with the notice is liable to punishment or has been prosecuted or sentenced to any punishment for such failure.

(*15*) Any person who commits a breach of any of the foregoing bye-laws shall be punishable with a fine which may extend to Rs. 50 and in case of a continuing breach, with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach.
